AMENDED VERSION OF THE CLAIMS

S I R :

Set forth below is the amended version of claims in the above-referenced matter.

57. (Thrice Amended) A method for making financial analysis output including an offering [memorandum] document having a system-determined purchase price for property in consummating a sale, the financial analysis output being made by steps including:

converting input data representing the property, including at least one security, into input digital electrical signals representing the input data;

providing a digital electrical computer system controlled by a processor electrically connected to receive said input digital electrical signals and electrically connected to
